

Introducing Wilson X CONNECTED

The future of sport has arrived.

The ball & app that tracks your field goal accuracy, range & trains you to shoot at game speed.

Wilson X never needs charging. Its battery runs strong for over 100,000 shots – that's 300 shots a day for a year.

It also connects wirelessly with the Wilson X app through Bluetooth.

Use on any regulation 10-foot hoop with a net, indoors or out.

The Wilson X app simulates game time situations: crowd noise, clock countdowns, horns and other cool real-time audio.

Wilson X is regulation size and weight with an unrivaled grip and durability.

WTB0300ID-E – Retail: \$260.00 Price: \$156.00
